## The British Chamber of Commerce and the Czech-Irish Business Association held its *Day at the Races*.

*The British Chamber of Commerce together with the Czech-Irish Business Association invited all their members for the 11<sup>th</sup> Day at the Races at the Races Course Velká Chuchle which took place on Sunday, April 20<sup>th</sup>.*

The Day at the Races was kicked off by the British Ambassador to the Czech Republic her Excellency Linda Duffield and the BCC's Co-Chairman Eva Williams.

The BCC continuously supports corporate social responsibility activities. The charity partner for the event was Linka Bezpečí which took the opportunity to promote for the first time their new campaign with Tesco "Tesco Charita Roku 2008."

Family and children of BCC members enjoyed a special programme. The adults enthusiastically

followed the races and many visitors were thrilled by seeing the "Žebráky Hounds" in action. The children played cricket, drew oriental pictures, rode a horse simulator and were having fun in the kids' corner. For the ladies, the most important events of the day were the hat competition and the floral art workshop.
