# Class Action Round Table

Kulatý stůl o hromadných žalobách

## 1 November 2018 at 15:30

BCC Office, Na Florenci 15, Praha 1

This meeting represents the start of an initiative to invoke both a cross-industry and cross-association discussion on a bill concerning class action lawsuits (hromadné žaloby) and to formulate arguments against the proposed policy.

The topic will be introduced by Kryštof Kruliš (Spotřebitelské forum/Consumers Forum), who participated in debates both with the Ministry of Justice and among various consumer groups on preparing a bill concerning class actions.

This particular round table is intended for government and public affairs managers who represent the B2C sector.
