INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of

Britská obchodní komora v České republice Chamber of Commerce Registered Address: Na Florenci 2116/15, 110 00 Praha 1 – Nové Město Chamber of Commerce Identification Number (IČ): 256 05 127

Auditor's Opinion

We have audited the accompanying financial information of Britská obchodní komora v České republice (hereinafter also the "Chamber of Commerce") prepared in accordance with International Financial Reporting Standards, showing net assets total of 3.811 thds. CZK and a profit of 43 thds. CZK. These financial information comprise the balance sheet as at 31 December 2017, and the income statement, and statement of cash flows for the year then ended, and notes to the financial information, including a summary of significant accounting policies and other explanatory information.

In our opinion, the financial information gives a true and fair view of the financial position of Britská obchodní komora v České republice as at 31 December 2017 and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards.

Basis for Opinion

We conducted our audit in accordance with the Act on Auditors, and Auditing Standards of the Chamber of Auditors of the Czech Republic, which are International Standards on Auditing (ISAs), as amended by the related application clauses. Our responsibilities under this law and regulation are further described in the Auditor's Responsibilities for the Audit of the financial information section of our report. We are independent of the Chamber of Commerce in accordance with the Act on Auditors and the Code of Ethics adopted by the Chamber of Auditors of the Czech Republic and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Chamber of Commerce's Statutory Body (hereinafter also "Chamber of Commerce's statutory body") for the Financial information

Company's statutory body is responsible for the preparation and fair presentation of the financial information in accordance with International Financial Reporting Standards and for such internal control as the statutory body determines is necessary to enable the preparation of financial information that are free from material misstatement, whether due to fraud or error.

In preparing the financial information, the Chamber of Commerce's statutory body is responsible for assessing the Chamber of Commerce's ability to continue as a going concern, disclosing in the notes to the financial information, as applicable, matters related to going concern and using the going concern basis of accounting unless the Chamber of Commerce's statutory body either intends to liquidate the Chamber of Commerce or to cease operations, or has no realistic alternative but to do so.

An instinct for growth

Auditor's Responsibilities for the Audit of the Financial information

Our objectives are to obtain reasonable assurance about whether the financial information as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the above mentioned regulations will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial information.

As part of an audit in accordance with the above law or regulation, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial information, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Chamber of Commerce's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Chamber of Commerce's statutory body in the notes to the financial information.
- Conclude on the appropriateness of the statutory body's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Chamber of Commerce's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial information or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Chamber of Commerce to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial information, including the disclosures, and whether the financial information represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Chamber of Commerce's statutory body regarding, among other matters, the planned scope and timing of the audit and our significant audit findings, including any significant deficiencies identified in the internal controls.
