

ESG integration for business resilience:

SUSTAINABILITY ESSENTIALS FOR EXECUTIVES

12 OCTOBER 2023

9:00 - 13:00

Hotel Almanac X,
Štěpánská 40,
Prague

Corporate Sustainability Reporting Directive (CSRD), a new EU legislation that will require large companies in the EU to report on their sustainability performance in their annual management reports. With their signature, the management is indicating their commitment to sustainability and responsible practices and acknowledging their responsibility to stakeholders and authorities to report on the company's ESG performance.

Lecturers:

Markéta Horková

Senior Manager in EY's Climate Change and Sustainability Services. With over 15 years of experience in international corporate finance, collaborating with leading players in the industry. At present, she advises multinational companies on ESG strategies, policies, and disclosures.

Petr Karel

Managing Director of company London Market based in Prague/London concentrating on services in the areas of export and structured finance, international trade and cross-border investment focusing namely on infrastructure, energy and industrial engineering. Vice-chairman of the British Chamber of Commerce and Chairman of the BCC Sustainability Working Group. Petr has been also involved in projects concerning renewable energy, transition from fossil to sustainable energy and international scientific regenerative farming project addressing the global issues of climate change, land degradation and bio-sequestration of CO2 emissions.

Daniel Houska

Member of the EU Platform on Sustainable Finance and a Vice Dean of Education at the Faculty of International Relations, Prague University of Economics and Business. Daniel is engaged in sustainable finance framework in the EU since 2019 and teaches Sustainability Reporting aligned to the upcoming European Sustainability Reporting Standards (ESRS). Apart from that, he is also a lecturer at the Czech Chamber of Auditors and member of the expert groups at the Czech Chamber of Commerce.

Alice Machová

Partner in EY's Climate Change and Sustainability Services. With 20+ years of experience in consulting, Alice is leading ESG transformation & Sustainable finance projects for a number of Czech and multinational companies. EY CCaSS team is supporting clients with CSRD, EU Taxonomy and other hot topics. Alice is one of the founding members of Sustainability Working Group at British Chamber of Commerce.
